Brand New Book ***** Print on Demand *****.Lives in Parallel is a story about the transformative situations which arise out of an infinite sea of choices to continually recreate our interpretation of reality. The story is centered on psychologist Dr. Brandy Simpson and her three graduate students Tony, Damond, and Olivia; each with a purposefully constructed world view, shaped to conceal the psychological scars of their own troubled past. Now as young adults they find themselves on divergent paths both professionally and philosophically, as they work together to help the psychologically troubled, homeless population of New York City. Dr. Simpson is poised to become a world renowned leader within her profession, the realization of her childhood dream for total independence from her controlling and overachieving parents. Olivia is a consummate professional, carefully plotting her every move to insure that her future is molded to fit her design. Damond is a religious evangelical following the highest calling by assisting patients back onto the path of righteousness. When these four rescue a homeless schizophrenic, who they dub Charlie M, each begins to witness Charlies other-worldly powers as he penetrates the secret recesses of their minds. Using his abilities, Charlie forces each into self-reflection of their troubled pasts, self-realization of the lives they are living and ultimately into the deconstruction of their own peculiar world views. As their realities begin to crumble they learn that Charlie is a transporter, on a mission to move Arthur across the multiverse. To this end, Charlie leads...
